RE: In re: Application of Duke Energy Progress, LLC for Adjustments in Electric Rate  
Schedules and Tariffs and Request for an Accounting Order, Docket No. 2018-318-E

Dear Ms. Boyd:

During the evidentiary hearing held between April 11 and 17, Sierra Club failed to request that the Commission accept into the record three of Witness Hausman's fourteen exhibits—Exhibits 12, 13, 14. (Those exhibits contain confidential information and were filed under seal.) If it pleases the Commission, Sierra Club hereby moves for the late acceptance of those exhibits into the hearing record. No parties have voiced any objection to this motion.

Sincerely,

Bridget Lee
